Owners of Television Station W1XAV, Experimental Sound Station W1XAU, Ultra-short wave station W1XG and operators of International Short Wave Station W1XAL.

May 8, 1934

We wish to verify reception of station W1XAL operating on a frequency of 6040 kilocycles with power of 3500 watts on FEB. 11, 1934. We hope you will listen in often and let us have your comments.

Cordially yours,

for World Wide Broadcasting Corporation

SHORTWAVE AND TELEVISION CORPORATION

70 Brookline Ave., Boston, Mass.

WORLD WIDE BROADCASTING CORPORATION

(A NON-COMMERCIAL ORGANIZATION)

We are glad to know you heard and enjoyed our educational program from W1XAL—Frequency 6040 KC Power 5,000 Watts. We hope you become a regular listener. Our broadcasts include such subjects as Science, Popular Law, Music Appreciation, Drama, History, Literature, Art, Economics, Government, News, Current Events, Hobbies, Physiology, Astronomy, etc., etc. Faculty members from Harvard, Columbia, Wellesley, Amherst, Holyoke, Massachusetts Institute of Technology, etc. All give their time generously to provide you with the best of cultural programs. Won't you help us too, by making some contribution however small?

Our printed Program Schedule will be sent to you monthly for a year upon receipt of one dollar. Single copies ten cents each. We broadcast stimulating radio programs at least three evenings a week. You really need our printed program to derive the fullest advantage and enjoyment from these broadcasts. Being a non-commercial non-profit organization, we have no income except from our listeners. We cordially invite you to share in the support of this interesting enterprise.

Dear Listener:

Owing to the time and expense involved it has become necessary for W1XAL to discontinue the practice of sending verification cards.

However, if you still are eager to secure confirmation of your report please let us know and enclose 10¢ with your request. Our card will then be sent.

Sincerely yours,

WORLD WIDE BROADCASTING FOUNDATION

Dear Mr. Geary:

Thank you for your most complete report on reception of WRUA. Unfortunately, we don't have the logs here to check the report with, and so cannot verify it for you. Our powerful transmitters are being used by our Government, and the programs you heard were planned and sent out by the O.W.I.

If you care to check your report with our transmitter, you might send the report to the engineers, at the Transmitter, Scituate, Mass. Sometimes, the engineers there are very eager to get reports on WRUA.

Our own Foundation programs come at 5.00 pm EWT each day, on 11.73 Mc and 9.7 Mc. in "Friendship Bridge".

Sincerely yours,

A handwritten signature in cursive script, appearing to read 'E. Harriett Donlevy'.
