Dear Mr. Balli.

I am most grateful to you for writing
me of the internment of my brother-in-
law, Dennis Ulst, and also I have rec'd
several cards & letters from others too but
it is so nice to know our friends are no
interested.

I am in hopes in a short time we
can write to him direct, & also hope he
is well & not suffering at the hands
of the Japanese.

Thank you again for your consideration
& kindness.

Sincerely

Dear Mr. Balbi:

I did hear the broadcast last Wednesday at 11 a.m. over KHJ and I am most grateful to you for notifying me so that I could hear it. In spite of the blurriness of the reception I think I heard every word of my husband's message. I am very eager to have the record which I haven't received as yet. I had written KHJ for it before your card came but if my reply from them is not satisfactory or it is delayed in getting here I will write the Red Cross in Los Angeles.

I think the broadcast idea from our troops overseas is a wonderful one and I wouldn't have missed hearing my husband's message for anything in the world. Again, thank you.

(Mrs) Alice K. Finkle

Dear Sir Received your
card and appreciated so
much. It was so kind of
you to write. We have not
heard from our son since
Dec 20, 1941. That was before
he was captured from Wake
Island. It has been a
terrible suspense but I
think now I know he is
alive and feel so much
better. No one knows
the worry we have all
gone through and I will
be one of the most tickled
persons when he gets home.
I thank you from the
bottom of my heart for
your kind deed in writing
and letting us know you
heard his name. Mrs Abraham

Dear Mr. Balbi:

Please pardon the delay in answering your very nice card telling us the message from our son. Words can't tell you how happy and grateful we are to you folks who wrote us about it. Dad cards + letters from seven different states. It's the first word we've had in 17 months. He was with Pan American Airways when Manila was taken, we had a cablegram from him then lost nothing since. Want to thank you again and again for your kindness. Gratefully Mrs. Brush

Dear Mr. Boal - I want to thank you for sending
on the message from my sister, Virginia Whittemore,
and her husband, who is British General
at Muskden. We have not heard from them - nor
could we get word of them - since last October so
the message meant a great deal to us - Their
eighteen year old son, Sonny, is with me - and leaves
Saturday to start training in the R.A.F. so the
message came at a very opportune time -

I appreciate your writing more than
I can say. Sincerely -

Virginia Lorimer

Dear Mr. Balki,

I do want you to know that your Postal Card of the 4th in regard to my Husband, Laurence M. Atwood was deeply appreciated.

No, I did not hear the Broad east nor have I heard from him though I had been advised by the Navy Dept. that he was a prisoner of war, taken by the Japanese from Wake Island.

It is the kindness and thoughtfulness of people like you that makes the going a little easier.

May I again thank you for your message and your thoughtfulness.

Dear Sir:

I want to express my deepest gratitude to you for sending me word of my son being a prisoner. Needless to say I have been extremely worried.

Your letter among five others was the first news I have had of him since he was reported missing again. I thank you for your kindness.

Very sincerely

Dear Mr Balbi

It was very good of you to write to me about my husband's radio message from Manchukuo. I have called to Dr Simpson's mother in Scotland telling her the cheering news. This is the first message I have had from my husband since Japan entered the war. It is a great relief to me to know that he is well & may soon be in East Africa.

With many thanks for your kindness,
Yours sincerely,

Florence E. Simpson.

Dear Mr. Balbi -

I hope you will overlook my tardiness in acknowledging your kindness of June 14, sending us a message from my brother, B. J. Hickey.

We all appreciate the thoughtfulness which you showed in writing this broadcast to us. Since receiving your card, we have been notified of this broadcast by Washington.

You may be interested in knowing this is the second time that my brother has sent a message to my mother via Start

2
wave Radios - Japan. The first one was on Apr 23-1943 + we were very much surprised to receive the second one as we did not think the Japanese were human enough to permit 2 messages in 2 months! This, in view of the fact that he was reported missing by the Navy Dept on Nov. 5-1942 and during all that time until Apr 23rd - we never heard another word from Washington. He did not know what had happened to him.

B. J. Hickey was Chief Officer aboard an American Merchant Vessel sunk last Sept. + from messages we've received we understand the entire

crew were rescued but taken by the Japanese as prisoners. They are now listed as civilian prisoners + from the message (the latest one) we feel he wishes us to place his name on an exchange list. He has written him, but according to your card, it takes 6 months to reach them. If there should be any further broadcasts concerning my brother, I would be very, very grateful to you, Mr. Balbi, if you would please let us know.

Again thanking you for your kindness. I am sincerely,
Helen H. Hickey
