The above photo's, taken by NASWA member Frank Peters while attending the 1970 ANARC Convention in Chicago, July 31 - August 2, were among those received at NASWA Hdqs in time for inclusion in this edition of Friendix. A number of other SWLs/DXers attended although not all were caught by camera. For more details regarding the convention, see this months ANARC Report as submitted by NASWA-ANARC Representative Gerry L. Dexter. In addition to these photo's sent to us, member Frank Peters also donated the first prize, a Sony Portable TV, which was won by NASWA member Martyn Madeley, formerly from England. Our thanks to Frank, congrats to Martyn and appreciation to others who attended.

NASWA MEMBERS, STATESIDE & ABROAD

Robert Padula, Australia

Frank Peters, Illinois

Richard Heggs, Canada

Robert Scott, Tennessee

Wally Glavich, California

Jim Weber, California

\*\*\*\*\*

For info/data on above NASWA members, see next page. Have you sent your pix yet? Remember, photo pages, as with all sections of bulletin, depend on support of members. Send your pix or snapshot to be contained in future edition. Thanks!!!!

FRANK PETERS, Chicago, Illinois. Now in his eighth year w/NASWA. He is unmarried and is employed as a freight router. Receivers: Drake R4B, National HRO500, Hammarlund HQ180A. Antenna: 35' interior long-wire. Number of SWBC countries verified is 191. In addition to SWBC, also DXes ARO and UTE bands. Main interest in hobby is to hear rare stations/countries and make friends.

ROBERT PADULA, Victoria, Australia. Has been with NASWA for five years. He is single and is a Telecommunications Engineer. Receivers: Marconi CR100, Lafayette HE230, Eddystone EC10. Antenna: Dipoles for 15 MHz, 9 MHz and 5 MHz. To date he has 187 veries from SWBC countries. Primary objective in hobby embraces the reporting and verification of stations both international and local.

ROBERT SCOTT, Kingsport, Tennessee. In his first year w/NASWA. He is to be married this month. Vocation is electronic technician. Receivers: Heathkit SB301 and Hallicrafter SX96. Antenna: 120' inverted L and 33' vertical. While interested in SWBC DX and having verified 30 countries, he is ARO (WN4RVE) and enjoys sending technical reports to stations which are interested.

RICHARD HEGGS, British Col., Canada. Has been with NASWA for two years. He is single and works as a business machine technician. Receiver is a Heathkit SB310. Antenna: 75' long-wire. To date has verified 86 SWBC countries. Main interest in hobby is to listen and learn about as many different countries as possible and develop friendships with others who have similar interests.

JIM WEBER, Beaumont, California. A new and young DXer in his first year w/NASWA. He is a highschool student. Uses a Drake R4B receiver. Antenna: 95' longwire and inverted V. To date has verified 45 SWBC countries. Is interested in collecting QSLs, logging new countries and sending reports to stations.

WALLY GLAVICH, Eureka, California. In the hobby since 1947, he is now enjoying second year w/NASWA. He is married and a house painter by trade. Receivers: Collins 51J4 and National HRO50. Antenna is a windom. Not especially interested in QSLs, but has verified 40 SWBC countries. Prefers SWLing rather than DXing.

\* \* \* \* \*

Our thanks to the above members for their pix and the info/data therewith which gives us opportunity to become better acquainted. We hope numerous other members will give us same opportunity in future by submitting pix, along with bit of info and data which we can use in upcoming bulletins. Your cooperation is requested! Remember, we cannot use color shots...only black & white. Send direct to Hdqs. Next month watch for; Chris Lobdell, Dave Baltimore, Ross Hulvey, Bob Peritz, Don Jensen, Bob Shepherd, Andy Rugg, Bob Estand and Don Schied featured on our pix page.

NASWA PHOTO PARADE

CHRIS LOBDELL

DAVID BALTIMORE

ROSS HULVEY III

ROBERT SHEPHERD

DONALD JENSEN

BOB PERITZ

ROBERT ESTAND

DON SCHIED

ANDY RUGG

For info/data on above NASWA members, see next page. Have you sent your pix in yet?

## ROSS HULVEY III

a recent new NASWA member, Ross is a student, therefore single. His rx for present is an Ameco R-5 and he uses a 75' longwire. With only a few QSLs thus far, he anticipates many more in the days to come. He enjoys listening to the various DX programs, but is rapidly becoming more interested in serious DXing.

## DAVID BALTIMORE

Manager of a TV-Radio station, Dave is married and has been in NASWA for 3 years. He uses a National HRO-500 rx along with a trap dipole antenna. SWBC QSLs thus far total 59. His main interest in the hobby is to hear what goes on in the rest of the world and to DX as many new countries as possible

## CHRIS LOBDELL

A college student, single Chris has been an active NASWA member for 3 years. He DXes with a Drake SW4A, employing a Mosley SWL-7 Antenna. His SWBC QSLs at present number 119. Chris likes DXing Africa and LA most. Aside from being a NASWA member, he edits part of SWR section for sister club ASWLC's SWL (and does a fine job!)

## ROBERT FERITZ

Also a college student, single, Bob too, has been with NASWA for three years. An Ameco R-5 is his rx using an inverted "L" antenna. To date, he has 41 SWBC QSLs. Says Bob, "My main interest in DXing is to find out more about this fouled up world of ours."

## DON JENSEN

In his 8th year with NASWA, Don is a newspaper reporter, is married and has 3 children. During his tenure in the club, he has served in various capacities, is presently our Country List Chairman as well as advisor to BoD. His rx is a Drake R4B, antenna a longwire plus a Joystick. SWBC QSLs now total a 'sweet' 200. His main interest in DXing involves clandestine stations of which he has written about in past bulletins and national magazines.

## ROBERT SHEPHERD

A computer-programmer, single, Bob has been in NASWA for 3 years and reports regularly from his QTH "down under" in Australia. He uses a Marconi B28 (CR-100) rx and a longwire antenna. His SWBC QSLs total 153. For some years, he has served as one of the officers of the ARDXG along w/fellow member Bob Fadula.

## ANDY RUGG

From VE-land, Andy is a chartered accountant, single. Been in BASWA four years. Uses an AR88D rx along with a longwire antenna. He, as many DXers, works various bands including SWBC, MW, and ARO..... depending on mood and conditions. Enjoys contests when time permits.

## DONALD SCHIEF

A new member, Don is a design draftsman, married. His rx is a Hammarlund HQ-145A - his antenna is a dipole. He doesn't get too much time for dial twisting, but he has managed 25 SWBC QSLs so far. After serving a hitch in the USAF, he is just getting back into the swing of DXing.

## ROBERT ESTAND

Bob works for the telephone company in El Paso. Is single. Has been with NASWA two years. Present rx is a Realistic DX-150, due his being restricted to space, antenna is short length of wire around the ceiling of his shack. SWBC QSLs total 75.

HAVE YOU SENT YOUR PIX IN YET? WHY WAIT? AS LONG AS WE HAVE PICTURES, WE WILL PRINT 'EM.

Photographs must be Black and White, either snaps, portraits of yourself or den or receiver.

MIKE MACKEN

DXERS AND DENS

## AL NIBLACK

Most everyone who has a serious interest in SWBC DXing has heard of this gent sometime or other. Over the years he has always been a help and a credit to the hobby and any/all clubs of which he has been a member. Few men are respected or held in as high esteem as this gent. In NASWA for 5 years, today Al holds forth as our Flash Sheet Editor. He works for a freight company, is single; Shack equipment, as shown, includes a Hammarlund HQ-120 and a Hallicrafters SX-100. Antenna is a 30' longwire. SWBC QSLs total 75. His main interest in the hobby is logging and reporting stations of interest, new stations, new frequencies, and changes that come day-to-day on SWBC bands.

## ED SHAW

A NASWA member for four years, Ed has been active one way or another in the club from the day he joined. Presently serving with the USN, he is married and has two children. As shown in his den pix, he uses a Hallicrafters SX-130 (modified), and his antennae are a folded "V" dipole, and a 14AVQ. SWBC QSLs now number 140. Says Ed, "Besides the 'joys' of QSLs, I have found that corresponding with fellow members to be an extra hobby pleasure everyone should try." We might add, Ed will soon be officially named Corresponding Secretary for NASWA, a post of importance and one that only a few like Ed can handle worthily for good of the club. We might mention also, were it not for his stepping forth voluntarily, there would be no editions of FRENDX while our Executive Secretary is hospitalized. Without saying, Ed has both the head and heart of a sincere friend and member. Many thanx are due him!

## GEORGE SCHNABEL

Known for his "in detail" reports and articles in FRENDX and other publications, George has been with NASWA for 3 years and presently holds position of Contest Editor. He is married, with one son. Present receiver is a Drake SW4A (see pix), and antenna is a longwire. SWBC QSLs total 88. Main interest in the hobby is listening to timely events, DXing Latin America and Middle East as well as African stations.

## ROGER CAMIRE

Seldom heard from, Roger is busy doing Freq. Recommendation Committee work for ANARC. He heads the FRC. A produce department manager by vocation, he is married, has been with NASWA for three years. As obvious by his shack pix, he has an assortment of gear including a TMC-GFR-90 rx, plus others. To boot, he has 12 various antennas (how's that grab some of you apartment dwellers?) It isn't surprising to know that he is interested in antenna design and experimentation along with DXing for which he has thus far collected 107 SWBC QSLs.

## CESAR OBJIO

One of the best known of Latin American DXers is member Cesar from the Dominican Republic. Many were the times he has been of service to stations as well as to DXers and clubs. He speaks and writes excellent English. According to the pix, he uses an HE-30. We do not know his antenna at present. Cesar keeps busy trying to keep tabs on the rare/low power LA stations so that he can keep other DXers updated and informed. Many otherwise unknown facts and data have come via his efforts and willingness to share.

## MIKE MACKEN

We haven't heard from Mike for awhile, but did have his shack pix on hand, thus thought to include it. He has been with NASWA for a number of years- is now attending college and so far as we know, is still unmarried. His rx, an SX-100 has gained him 78 SWBC QSLs thus far. Until recently Mike edited a column for ASWLC's SWL, but according to word received, he resigned due to other activities/demands.

GET THOSE B & W FIX IN SOON!! SUPPORT FRENDX

Robert Bruce, Scotland

Marlin Field, Michigan

Alvin Sizer, Conn.

Frank Barratt, Quebec

Del Hirst, Texas

William Sparks, Calif.

Richard Wood, Louisiana

NASWA PHOTO PARADE

(See next page for info/data on these NASWA members/DXers who we thank for sending pix!)

NASWAers, OLD AND NEW

Robert Bruce, Brechin, Angus, Scotland. In his first year with NASWA, Bob has already become a regular and reliable reporter. His receiver is an Eddystone 940 and he uses a JoyStick antenna. Other equipment includes a Codar RF Preselector, JoyMatch ATU and Grundig TK124, Phillips A4302 tape recorders. Presently he is our only member in Scotland. He is single and his vocation is postman.

Marlin Field, Benton Harbor, Michigan. A college prof., married, Marlin is in his sixth year with NASWA. Receiver is a Hallicrafters SX100, antenna a Mosley SWL7. Special interest in DXing are Missionary stations and Latin Americans. He has a particular fondness for pennants. Has verified total of 173 countries thus far, collected envious total of 126 pennants. His frequent reports in bulletins are 'choice' and interesting.

Alvin Sizer, North Haven, Connecticut. Using a Hammarlund HQ180A receiver, 3 antennas (Mosley SWL7, longwire and 3lm dipole) Al has verified 144 SWBC countries to date. He is news editor for 'New Haven Register' and is married. Other of his shack gear is an Ameco Pre-amp and a BC221 frequency meter. He supports the club 100% and his reports to various sections of bulletins are regular as clock-work. In his 3rd year w/NASWA.

Frank Barratt, Ste-Foy, Quebec, Canada. A serious DXer, Frank uses a Drake SW4, Hallicrafters SX130 and Zenith Transoceanic receivers; 3 doublet antennas (one each for the 13, 16 and 19 meter bands), 2 horizontal V's (one for Europe, one for Asia) and 2 tape recorders (a Phillips and a Uher.) He is in his 2nd year with NASWA, has verified 75 countries thus far. His wife, Ginette, is also an avid SWL.

Del Hirst, Snyder, Texas. One of several Texans with us, Del is presently in his fifth year of NASWA membership. Has served as Log Report editor in past, is serving as one of our ANARC Reps currently. His receiver is a Hammarlund HQ100, antenna is a longwire. He also employes a homebrew preselector. His support of NASWA is as regular as Texas is spacious...and you better believe that covers lot, pardner!

William 'Bill' Sparks, San Francisco, Calif. Married and a lawyer by profession, when it comes to top DXers in North America, Bill is high on the list. A regular reporter to Frendx, he is in his seventh year with NASWA. He is also ANARC Rep and on BOD of ASWLC. Using a Hammarlund HQ180A receiver and Mosley SWL7 antenna, he has verified total of 183 SWBC countries last count. Is planning to add new gear to shack soon...perhaps he already has done so. Bill is an asset to all clubs in which he has membership.

Richard Wood, Baton Rouge, Louisiana. Reknown worldwide for his articles and writings in various club bulletins and commercial publications, also as author of book titled 'Shortwave Voices of the World', Richard is in his fifth year with NASWA. During his tenure of membership, he has served as SWC editor and as one of BOD. A college prof., he is unmarried. His receiver is a Hammarlund HQ180A and as best we know, antenna is a longwire or dipole. Another of NA's top DXers, he is regular reporter to Frendx.

+ + + + + + + + + +

Once again we make request that members submit snapshots or small photo's to be used for our pix pages. Any/all are welcome so long as they are black & white, not color. Mail received at Hdqs proves that these pages are popular, but the point is, we cannot continue them unless there is cooperation from the ranks. If snaps or photo's are not submitted in sufficient quantities each month, there can be no pix pages. If you dont want to send any of yourself, send one of your shack set-up or your QSL collection. The important thing is, if we dont receive snaps/photo's, we cannot continue the pages. Incidentally, we might mention that the contents of these pages, in addition to appearing in our bulletins, may also possibly appear in the new "Communications World" magazine which is published semi-annually and in which the DX sections are edited by our member Don Jensen. So c'mon and give with the camera clicks, get yourself 'plastered' around the DX world! NASWA is counting on your support and cooperation!

.....NASWA AND FRENDX, THE IDEAL COMBINATION FOR THE SWBC LISTENER.....

MEET YOUR FELLOW MEMBERS

BILL FLYNN

WILLIAM CONNER

ALAN JEEVES

TOM JONES

JOHN ZAHAREK

DICK CLARK

GLENN HAUSER

JERRY HERSHOVITZ

MITCH KETCHERSID

(Turn next page for info/data on NASWA members here shown. Have you sent your pix yet?)

MEET YOUR FELLOW MEMBERS!

1. Bill Flynn, Mt. View, California. Been a DXer on and off since 1947. Am still a happy DXer and bachelor at age 39. Am salesman of electronic components to industrial and governmental customers. Receivers: Hammarlund HQ180A and Nordemende GlobeTraveler. I use Joystick, Murch 86D and longwires antennas. Have verified 163 SWBC countries. Been with NASWA for three years. Am also ASWLC member wherein I edit QSL column for bulletin and serve as BODer.
2. William Conner, Allentown, Penna. A recent newcomer to NASWA, Bill is unmarried and is a college Prof.(teaches Spanish and French). His receivers are a Drake SPR4 and a Collins 75S-3C. Antenna is a dipole. Although interested in SWLing for a number of yrs. (former member of late URDXC) he is just beginning to collect QSLs and has total of 20. Teaching foreign languages, Bill finds the hobby gives him added dimention. The snap he sends us was taken during recent trip to Europe...this one in Spain.
3. Alan Jeeves, Washington, D.C. A junior at George Washington U., I am single. In my fifth year with NASWA. Receivers are a Hallicrafters S118 and a Nordemende Globe Traveler. Antennas are a window screen and a longwire. Have veried 23 SWBC countries so far. My main interest in hobby is SWLing in order to better understand and appreciate the many varied international viewpoints.
4. Thomas E. Jones, Benson, Minn. I am single and manage Bel-Mac Angus Farms. Receivers are Drake SW4A and Realistic DX150A. For antennas I use a Mosley SWL7, 200' dipole and 50' inverted L longwire. Am in my 2nd year with NASWA, have been an SWL for 2 years and QSL'd 52 SWBC countries to date. My main interest in hobby is to DX as many countries as I can and listen to 'happenings' around the world.
5. John Zaharek, Torrington, Conn. Industrial arts is my vocation. I am married (31 yrs) and have a son and daughter. Been with NASWA for five years. My receivers are a Realistic DX150A and Lafayette HA230. Antennas used are 2 100' longwires, one N-S and one E-W. To date I have verified 84 SWBC countries. Main interest in hobby is SWLing, but I also do some DXing on occasion.
6. Richard Clark, Ft. Lauderdale, Fla. Now in my second year with NASWA, I have been an SWBC DXer for over 10 and a MW, FM, TV DXer for 15. My gear consists on a Hallicrafters SX62A, Lafayette HA600 and Heathkit IB01 freq. meter. Antenna is a 100' longwire for SW (the loop in the pix is for MW!) My favorite stations to DX are the Latin Americans. I enjoy all phases of the hobby, especially meeting other DXers and club membrs.
7. Glenn Hauser, Robins AFB, Georgia. Has been in NASWA for six years and has always been a regular contributor to various sections of FrenDX. For a period was on editorial staff. Now in USAF, recently returned from overseas. Has program on Radio Nederland "NA DX Report" and writes a column for the Denver Post. We are not certain about his present monitoring set-up, but whatever, he will use to best advantage.
8. Jerry Hershovitz, Philadelphia, Penna. Married, employed by U.S.Dept. of Haelth, Jerry is a new NASWAer. His receiver is a Panasonic RF5000A. Antenna is built-in. He has been interested in the hobby for sometime and has collected 59 SWBC QSL's to date. Being he works long and irregular hours, he finds SWLing a good way to relax. (Hey Jerry, can the DOH do anything about the 'pollution' of the air waves? Hi!)
9. Mitch Ketchersid, Irving, Texas. From 'Deep in the heart of', little Mitch has the distinction of being our youngest member. He is 11 and a student. Just beginning in the hobby, he uses a Unecla 1914 receiver and 100' longwire antenna. Sez Mitch, "I like the challenge of hearing far away, hard to get countries!" (Good luck 'lil buddy!)

===    ===    ===    ===

Our thanks to the above members who were good enough to submit pix...we appreciate em all! Any/all other members are invited to send theirs too. Have your snapshot or photo appear in FrenDX, and although we cant promise some movie or TV talent scout might grab you, we can assure you tthat you will make many of your fellow members and friends happy. This is another way to support NASWA! Simply mail your snapshot or photo to HDQ and we will do the rest. There is no pain involved, just a matter of a click! Get it?

\*\*\*\*\*  
 For info/data on these NASWA members whom we  
 thank for sending pix, see next page. For those  
 of you who have not yet sent pix, we again ask  
 you be so good as to do so. Keep in mind that  
 photo pages cannot regularly appear in our  
 monthly bulletins unless we receive snaps or  
 photó's to be used. Will YOU cooperate?

MEET YOUR FELLOW MEMBERS

1. John Soneff, Jr., New Orleans, Louisiana. A Public Health Technician for State of Louisiana, John is married and in his 4th year w/NASWA. Rx is a Hammarlund HQ180A, antenna is a Mosley SWL7. To date he has acquired 69 SWBC QSL's. While he prefers to SWL for international news and folk music (records latter when quality permits) he also finds interest in DXing when conditions are favorable. He reports to Frendx regularly.
2. Anthony Marks, LaGrande, Oregon. In his 1st year w/NASWA, Tony is married and is an employee of the U.S. Postal Service. At present he is serving as NewsRoom editor in Frendx. His rx is a Realistic DX150, antenna is a HyGain SW9. Mainly interested in the SWLing aspect of the hobby, he has 39 SWBC QSL's so far. Says he, "For a hobby which has present day values in education and a degree of knowledge necessary for achieving results, SWLing has extremely fascinating qualities."
3. William Schultz, Johnstown, Pennsylvania. A steelworker by vocation, Bill is single and a recent newcomer to NASWA. His rx is an Eico DX718 and he uses a longwire antenna. As a new DXer, he has 10 SWBC QSL's to date.
4. Jerry Blake, Fort Wayne, Indiana. Married, employed by International Harvester Co., new NASWAer Jerry uses a Lafayette Mark II rx and longwire antenna. Just beginning in the hobby, he has 4 SWBC QSL's so far and seeks to add many more which he hopes will also aid him in expanding his stamp collection.
5. Alistair Faulds, Galt, Ontario. Using a Normende GT-IV and an inverted 'L' antenna, Alis is single and a machinist by trade. New to the hobby and NASWA, he has no SWBC QSL's as yet. His main interest in SWLing/DXing is to gain an "all around" view of world policies and to have some "commercial free" listening.
6. Vernon Westphal, Ontario, California. A retired Purchasing Agent, Vern is married and just beginning in the hobby. A new member in NASWA, he has 14 SWBC QSL's collected at present. Rx is a Realistic DX150A, antenna is an inverted 'L' longwire. He enjoys SWLing/DXing English language broadcasts from various stations of the world.
7. Melvin Flannagan, Jr., Charlottesville, Virginia. Recently rejoining NASWA after a 'sojourn' Mel is single and a member of Masonic Lodge. His rx is a Realistic DX150 and he uses a Mosley SWL7 antenna. Interested in SWLing/DXing in general, he also collects recordings of old radio programs and photo's of trains.
8. Robert Seymour, New Stanton, Pennsylvania. (Mistakenly captioned William Conner!) Married and employed by Robert Shaw Controls Co., Bob is also owner/operator of a motel. His rx is a Hallicrafters SX122 and he uses a Mosley SWL7 and Murch 86D antennas. To date he has 20 SWBC QSL's and hopes to add more in future. Is a new NASWA member.
9. Mike Clyburn, Kissimmee, Florida. Joining NASWA recently, Mike is new to the hobby. Using an Allied A2515 rx and an inverted 'L' longwire antenna, he enjoys SWLing/DXing new stations and collecting SWBC QSL's (has 36 already!) as well as listening to news and views of different countries around the world.
10. Mitch Lewis, Raleigh, North Carolina. An SWL for 2 years, Mitch is a high school student. New to NASWA, he edits a local club bulletin "Triangle DX News". His rx is a Heathkit GR54, antenna is an inverted 'L' longwire. His current SWBC QSL count is 22. He enjoys 'country hunting' and reception reporting.

\* \* \* \* \*

We are always interested in your comments/opinions regarding photo pages, whether they be favorable or not. Current consensus shows that majority of members appreciate them and have, or promise, to support them. Presently, NASWA, via Frendx, is the only USA club to include such pages; It does so to additionally promote the "Unity & Friendship" motto which, contrary to some beliefs, has no whatever relation/connection to any political, racial or "hippie" factions. It simply relates that we, as fellow-hobbyists, are enjoined together as friends hoping to give/receive benefits concerning our hobby. The support given these pages may not be as 'worldly' as that given the DX sections, but it is nonetheless important in that it is proof we care to share, just a bit more!

DXers in Den

**JIM ROBERTS, MANITOBA**

**CURNE CHADWICK, IOWA**

**GREGG CALKIN, ONTARIO**

**GREG ROSENBLATT, PENNA.**

**RONALD HYRE, ILLINOIS**

**DANNY JAMISON, VIRGINIA**

(See next page for info/data on these NASWA members. Have you sent in your pix yet?????)

DXers in DENIS

JIM ROBERTS, Manitoba, Canada. In his first year with NASWA, Jim is 19 and attends the University of Manitoba. His receiver is a Kenwood 9R59D and his antenna is an inverted L dipole. Interested in the hobby for about five years, actively the past two, he prefers to DX the low-powered African and Latin American stations. Also enjoys helping new SWL's. His QSL totals to date, 60 out of 81 countries logged.

CURNE CHADWICK, Council Bluffs, Iowa. Employed by the Burlington Northern Railroad, Curne is married and in his third year with NASWA. He uses a Drake SPR-4 receiver and an SWL-7 dipole antenna, 34' vertical and 80' longwire. His interest in the hobby involves making new friends, receiving overseas mail(QSLs), listening to news via various stations and experimenting with antenna's.

GREGG CALKIN, Ottawa, Ontario. Our QSL Editor, Gregg is unmarried and is an Administrative Officer with the Canadian Government. He uses a Drake SW4A receiver and a dipole antenna. His main interests in the hobby lie in the area of the small/rare DX stations and field of clandestine stations. He also has a sincere interest in promoting and furthering the hobby. Has been with NASWA for six years and in addition to editing QSL section, he is currently serving as member of Board of Directors.

GREG ROSENBLATT, Cressona, Pennsylvania. In his first year with NASWA, Greg is highschool student. Receiver is a Columbia 'Masterwork' and he uses a longwire antenna. Main interest in the hobby is DXing and his goal is to QSL every country.

RONALD HYRE, Schaumburg, Illinois. An electronics tech writer by vocation, Ron is married and is in his first year with NASWA. His receiver is a Hallicrafters SZ-122A and he uses a 75' longwire antenna. With 35 SWBC QSLs so far, he prefers DXing Asia and Africa. Too, he finds SWLing an enjoyable hobby in every respect.

DANNY JAMISON, Charlottesville, Virginia. Currently serving with the US Army, Danny is in his fourth year with NASWA. He is single. His receivers are a Drake SW-4 and Hallicrafter -120. He uses a rhombic and a longwire antenna. To date he has logged 136 countries and has 56 QSLs. Prefers DXing the Asian and the Pacific Island stations.

\* \* \* \* \*

We are still interested in receiving snapshots or small photo's, either color or black/white, from any/all members who care to support these pages. Shots can be personal type, or of you in den w/receiver, or just of your shack setup. Please not do submit shots larger than 3x5" as we do not have equipment or facilities to handle!!

Thank you!

OUR LADIES

GINETTE BARRATT

PAULINE EYNON

MILDRED MARSHALL

LUANNA MATTHEWS

SARA STILLMAN

MARION ELY

BARBARA MARKS

ALBERTA SHAW

LUCY JEN HUANG

See next page for info/data on these NASWA ladies. We are proud of each and every one of them!

MEET OUR LADIES

GINETTE BARRATT, Montreal, Canada. Wife of member Frank Barratt who is one of the chief officers/editors of Quebec DXers Club. She is an accomplished DXer, has verified over 45 countries, uses a Drake SW-4 receiver and SWL-7 Mosley dipole antenna. Says Ginny, "I have been in the hobby for several years, or to be more frank, ever since my husband forced me into it. In any case, I enjoy it very much!"

PAULINE EYNON, Canfield, Ohio. A physical education teacher for high school girls, Miss Eynon is a newcomer to the hobby. She uses a Panasonic RF-1600C receiver w/built-in ant. She enjoys SWLing and hopes to learn more about it via Frendx and the club Fro's. Other of her interests include travel and photography.

MILDRED MARSHALL, Devils Lake, North Dakota. A retired school teacher, Mildred is mom of Larry Marshall who once served as NASWA 'Friendship Corner' editor prior to joining the USNavy. She is a very active DXer, supports the club regularly. Her rx is a Hallicrafter SZ-122 with main antenna being Mosley SWL-7. Other of her hobbies are stamp collecting (USA and UN) and flower gardening.

LUANNA MATTHEWS, Columbus, Ohio. Wife of our SWC editor, Bill Matthews, Luann is not directly engaged in the hobby, but she is very much a part of NASWA in that she does the typing of stencils for Bill each month. We all owe her thanks and gratitude!

SARA STILLMAN, New York, New York. An active businesswoman, Sara relaxes when she can by doing some SWLing. Her receiver is a Zenith TransOceanic w/built-in antenna. Although not a serious DXer, she supports the club by promoting goodwill and friendships and has the distinction of being the NASWAer to donate largest sum to our treasury.

MARION ELY, Del Ray Beach, Florida. Marion is retired and takes care of her husband who is also retired and an invalid. She is an SWL and a DXer. Equipment includes a Drake SW4-A, Hammarlund HQ-145C and Zenith TransOceanic. Antennas are a Mosley SWL-7 dipole and a JoyStick. She is a member of seven clubs other than NASWA.

BARBARA MARKS, LaGrande, Oregon. Wife of our NewsRoom editor, Tony, Barb works as a secretary and is therefore a good typist. Not interested in the hobby, she nonetheless is a big help to Tony and NASWA by typing stencils when her OM is busy with other tasks re vocation or avocation and baby-sitting. She is due many thanks and plaudits.

ALBERTA SHAW, Norfolk, Virginia. Mother of two girls, wife of our Corresponding Sec., Ed Shaw, Alberta is another of the ladies who, although not active in the hobby, is an asset to our club. Many times, many ways she helps both Ed and Hdqs with various tasks and chores which lessen the burden. Some kinda 'Southern Chicken', we are grateful 100%.

LUCY JEN HUANG, Bloomington, Illinois. Associate Professor of Sociology at Illinois State University, Dr. Huang is wife of member G. Alan Hickrod. Born in South China, she has taught students, both in college and university, for 15 years. She is an American citizen Using a Drake SW4-A and longwire antenna, she enjoys SWLing and, as can be expected, she likes to listen to Taipei or Peking due her major interest is in the social aspects of life in both China's.

:+:+:+:+:+:+:+:+:+:+:+:

There are other lady members in NASWA, but the above are the only to submit snapshots or photo's to date. Perhaps at later date we will have these others.

Once again we would like to point out that both color or black and white shots can be sent/used for our photo pages. Also, please do not submit any larger than 4x5" as they need be cropped before going to printer. Larger ones take up too much space, allowing only a very few to be fitted into allotted space. Thank you!
